OBJECTIVE

I'm a code wrangler who loves working with HTML/CSS and JavaScript for the front end, ASP.Net Core MVC (CSharp) for the back end, Microsoft SQL for data management, and HTTP to tie it all together. Ready to dive into a full-time Software Developer role and build great things!

EDUCATION

Class X, Sunlight School — March 2018
Obtained Marks: 64

Class XII, Sunlight School — March 2020
Obtained Marks: 75

Bachelor of Computer Science and Information Technology , Bhagwan Mahavir University — 2021 2023
Obtained CGPA: 7.97.

Masters of Computer Science and Information Technology , Jain (Deemed-to-be University) — Expected 2025
Obtained SGPA: 8.91.

SKILLS

Core Skills	.NET Framework, ASP.NET Core MVC, CSharp, Bootstrap, UI/UX Design
Database Skills	MySQL, Microsoft SQL Server 2012, MongoDB, ADO.NET
Tools	Docker, Firebase, Figma, Git, GitHub, Azure DevOps (Beginner), Microsoft Azure (Beginner)

EXPERIENCE

UI/UX Designer Intern — May 2024 - August 2024
Jain (deemed to-be university) — *Bangalore, IN*

- Collaborated with cross-functional teams to design responsive and accessible web and mobile interfaces using modern design principles.
- Developed user-friendly interfaces by conducting user research and creating interactive prototypes with Figma.
- **Skills:** User-Interface, User-Experience, Web Design, Figma, Illustration, Micro Animations

Jr. Software Developer — June 2023 - March 2024
OM Software — *Hybrid, IN*

- I focus on the developing, testing, and maintaining web and software applications to ensure they perform efficiently.
- Implement and enhance responsive design features to ensure seamless user experiences across devices.
- Stay up-to-date with emerging technologies and trends to incorporate them into development practices.
- Work closely with cross-functional teams, including design, product, and business, to deliver high-quality solutions.

Software Trainee — Jan 2023 - June 2023
OM Software — *Surat, IN*

- Learned about the operations of the company's tech team.
- Successfully implemented responsive design techniques and optimized website performance
- Coordinated communications between multiple department
- **Skills:** ASP.NET, CSharp, Bootstrap, Templates, MSSQL, PostgresSQL

PROJECTS

JustEat (Online Food Ordering). designed and built a user-friendly online food ordering website. It demonstrates my skill in creating smooth, enjoyable experiences for users while managing complex technical features behind the scenes. (Try it here)

Expense Tracker. A seamless way to manage their finances efficiently. Additionally, provide a separate option to add custom expense categories.(Try it here)

Campus Health Hub. Designed and Implemented infrastructure environment for students to access quality healthcare services conveniently. The system aims to streamline healthcare processes, enhance patient outcomes, and promote well-being within the student community.

Cloud ERP System Developed a scalable cloud ERP system to optimize business operations seamlessly with user-friendly design. (Try it here)

E-learning Platform This project provides enhanced mode to learn in online mode with certification and students can communicate with teachers or team.(Try it here)

CERTIFICATES

ASP.NET Core	From Linkedin
CSharp Fundamentals	From Microsoft
UI/UX Design	From Google
Web Development VP	From Moreton Bey
Project Management VP	From Accenture
HTML5 and CSS3	From Pirple
